LaunchTech®

Crafting Excellence

Our Journey

2024 — Opening our Saudi Arabian Office

Looking forward to 2024, we successfully extended our influence by establishing a second branch of LaunchTech in Dammam to support the vibrant region of Saudi Arabia.

2023 — Introducing DELMIA to the Middle Eastern Market

LaunchTech partnered with DELMIA, providing software solutions to streamline Process Planning, Supply Chain Planning, Optimization and Manufacturing Execution.

2022 — Becoming the First BIOVIA Partner in the Middle East

LaunchTech ventured into Atomistic Simulation Science, providing BIOVIA solutions to the Pharmaceutical and Chemical & Materials Science Industries in the region.

2021 — Expanding to Provide CATIA and SIMULIA Software

In the year 2021, we diversified our portfolio by incorporating Design Engineering solutions with CATIA and Electromagnetic Simulation solutions with SIMULIA.

2019 — Becoming a Certification and Training Center

This year, LaunchTech expanded its horizons, becoming the official and first certification and training center for Dassault Systèmes in the Middle East.

2018 — Our Foundation

In 2018, LaunchTech commenced operations, providing Abaqus software and Finite Element Analysis consultancy services.

About

Founded in 2018 in Abu Dhabi, LaunchTech is a leading software organization experienced in product reselling, consultancy services, and training. Our expertise lies in leveraging the latest technologies to offer comprehensive Product Lifecycle Management (PLM), Design, Simulation, and Manufacturing solutions. We partner with global leaders like Dassault Systèmes to ensure our clients have access to the best tools to enhance their productivity and product quality.

Story

In 2018, a trio of visionary engineers embarked on a journey in Abu Dhabi, laying the foundation for what would later become LaunchTech. Starting with a narrow focus on Finite Element Analysis (FEA), LaunchTech provided software and services. However, our vision soon expanded, and the offerings broadened through a strategic partnership with Dassault Systèmes to include design, simulation, and manufacturing software, along with accompanying services and training for the entire Middle East. Today, LaunchTech stands as an inspiring example of growth, evolving from a specialized service provider to a comprehensive partner in science, engineering, and manufacturing. Supporting various industries, LaunchTech's journey reflects a commitment to crafting excellence.

Value

At LaunchTech, our core values of innovation, excellence, and partnership drive everything we do. We invest in the latest advancements to keep our clients ahead of the curve, recognizing our team as our greatest asset. Motivated, highly qualified, and collaborative, they are the backbone of our success. LaunchTech fosters lasting relationships, ensuring reliability and trust, thereby fostering a culture of mutual respect.

Mission

Our mission is to empower businesses by providing top-tier IT solutions that streamline processes, enhance efficiency, and drive growth & innovaion. LaunchTech is committed to adding value to our clients' operations, focusing on delivering excellence across engineering & scientific innovation, and beyond. We navigate the complexities of digital transformation with a keen eye on innovation, ensuring that our solutions not only meet but exceed the expectations of businesses in the Middle East region.

Vision

We envision a future where our cutting-edge engineering technologies and comprehensive solutions revolutionize the landscape of research, engineering design, simulation, and manufacturing. LaunchTech strives to be the forefront of engineering excellence, driving innovation seamlessly into development processes, and empowering businesses to achieve unprecedented performance and profitability.

What We Do

Software Distribution

LaunchTech, authorized by Dassault Systèmes, offers a full suite of innovative solutions including BIOVIA for chemical research, SIMULIA and CATIA for engineering, DELMIA for manufacturing, and the 3DEXPERIENCE® Platform for product lifecycle management (PLM).

Technical Consultancy

LaunchTech offers technical consultancy services to support engineering projects. Services include CAD design, FEA, digital twins creation, and end-to-end manufacturing support.

Trainings & Cerifications

LaunchTech is the exclusive official training and certification center for Dassault Systèmes in the Middle East, providing diverse learning experiences such as comprehensive online courses, expert-led instructor training sessions, and certifications.
